SINGLE DOWN TUBE SWING ARM FRAME

NF21	Petrol tank mounting shoulder bolt (4 reqd).....	6.00 ea
------	--	---------

THIS LIST.... is the special supplementary list for Norton post war singles and pre Featherbed twins, nothing else. There are lists available for Norton Commando and Featherbed twins.

We believe that not only are our Stainless Steel parts of the highest quality on the market, but also are the best value available. This has been achieved by producing all these special parts in economic batch sizes in our own precision engineering workshop. Here we have combined substantial investment in sophisticated machine tools with traditional skills and, as the largest manufacturer of Stainless Steel motorcycle parts, the ability to buy top quality materials at the lowest prices.

Items on the list marked * are polished, the remainder come with a bright natural finish. Screw sets marked + contain one or more screws which may have to be cut to the correct length. It may be of interest to you to know that the appearance of Stainless Steel can be changed, polish to look like chrome plate, all our parts contain more than 18% chromium by weight, or shot blast to look like cadmium plate. All our components are de greased after manufacturing and components such as wheel spindles and nuts, steering column nuts, fork top nuts, fork seal holders etc. must be lubricated with a copper bearing grease prior to fitting.

All items are individually bagged and labelled for your easy identification, this is done as a result of customer feedback, which we welcome.

TRIED & TESTED....Not only have we been selling these stainless parts for many years now, but also the same parts are used on my own road bikes, and championship winning racing Norton's.

TO ORDER.... PLEASE USE THE ORDER FORM PROVIDED. State full machine details, check your arithmetic and that the address is legible. Do not use an out of date price list. If you ensure that your order is clear and correct we can despatch it quickly. **PLEASE NOTE: We are a small manufacturing operation and do not have staff available to take telephone orders. Therefore we strongly request that you order by email or post.**

Remember P&P costs: UK + 10%, Minimum £5.00, Maximum £15.
Overseas charged at cost if paid by card, or add 25% on prepaid orders.
U.K. & E.U CUSTOMERS MUST ADD VAT AT THE CURRENT RATE.

DELIVERY.... It would be nice if everything was in stock all the time, but this is not always technically possible. We usually have about 99% stocks, these are always changing. All parts in stock are sent immediately, please allow 14 days from sending your order. Out of stock items are sent as they are made.

ORDER ENQUIRIES.... If you have any problems with your order, if you are unhappy with our products or services, or if you just want to compliment us, we will be pleased to hear from you, all letters receive our personal attention. Alternatively you can phone on 01772 700700 or email sales@manx.co.uk Our office hours are 9.00am to 5.00 pm Monday to Friday, the answerphone is on at all other times, and of course email is 24/7.

PERSONAL CALLERS.... This is an engineering shop & mail order operation; personal callers can only be accommodated by prior appointment.
